

If you want to learn more about potential costs per visit please call your insurance company and ask about the ALLOWABLE amounts (every plan determines what they will allow for reimbursement for PT services) for these CPT codes:

Appointments will be billed for no more than 4 codes, but may vary from visit to visit depending on the treatment provided. We do business as (DBA) Motus Physical Therapy but our Tax ID is 91-1909914 under Waterfront Sports and Physical Therapy.

Initial Evaluation: 97161, 97162 or 97163 or **Re-evaluation:** 97164

Only 1 of these will be billed on the 1st visit for each injury and depends upon the complexity of your case.

Manual Therapy: 97140

This includes any hands on treatment such as soft tissue work and joint mobilizations.

Therapeutic Exercise: 97110

This applies to any simple exercise used to develop range of motion, strength, endurance or stability.

Therapeutic Activity: 97530

This applies to any exercise used to improve functional performance by addressing limitations in strength, balance, coordination, or mobility. It could be work or sport specific or related to activities of daily living.

Neuromuscular Re-education: 97112

This applies to a variety of techniques aimed at improving balance/proprioception, muscle re-education, sequencing, coordination, and posturing.

*97110, 97530 and 97112 depend on the purpose or intent of the exercise and whether or not it aims to improve a specific function or correct a neuromuscular deficit determined by your therapist.
